

Minutes

Town of Heath Facilities Task Force

September 24, 2019

- The meeting was called to order at 6:15. Members present were Will Emmet, Bill Gran and Sue Lively.
- This was a joint meeting called by the Select Board to meet with Alyssa LaRose from FRCOG. Other Committees attending were the Energy Advisory Committee, and the School Building Use Committee. The focus of the meeting was to have a Green Energy conversation. Alyssa shared her knowledge of the current as well as future grants. She answered questions from the audience and offered support to the Town in moving forward. Highlights were that the current grant is flexible and can be changed. It is currently the only grant that is expected to be available for solar use. Future grants will be competitive. You can fund an engineer study through the grant. FRCOG will help us in keeping our info updated, drafting future requests, etc. She was going to check on a program that did municipal studies and recommendations for building energy improvements.
- The joint meeting adjourned at 7:30.
