Culvert issue on previous grant: Mike to meet with the Select Board and the Conservation Committee at the first Dec SB meeting to come to a resolution on a wetlands culvert installation done without a permit on the Burnt Hill trail.

Center Court Grant: P & R had hoped to be on the STM warrant, but due to some questions we did not make it. Mike was able to get permission from the state that this could be done in the spring.

Bob Dane verified that VT Recreational is using prevailing wage

Mike to fill out an RFQ: Request for Qualification, to get other quotes. Bob contacted other pavers: Wildcat and Barlow, but they do not do the type of work needed for recreational court resurfacing.

Pat to contact Hilma to find out about money available to P & R. Questions: (1) can we use the stabilization account and how much money is in it, (2) what other account(s) do we have and how much is in them.
