

Are you interested in a progress update of the Sustainability Study for our schools?

The Mohawk Trail and Hawlemont Regional School Districts and the BERK12 research team invite you to hear about progress and next steps toward creating a more sustainable future for the districts' schools and member towns.

Please plan to attend this virtual update
Thursday, October 10, 2024
7:00 - 8:30 pm
[Google Meet link](#)

Our region faces educational and fiscal challenges due to declining enrollment, rising operational costs, relatively flat state aid, and increasing needs of our student body. Information presented by Jake Eberwein of BERK12 will focus on research in the areas of educational quality, facilities, finance, and enrollment trends, and data gathered through surveys and community meetings.
